ARMY CIRCULARS—*continued.*

Our will and pleasure is that Article 10 of our Warrant of the 1st May 1878, as well as all the words in Article 17 of our said Warrant after the word "examination" in line 2, be cancelled, and that Article 61 of our said Warrant shall stand amended as follows:

Provided always, that the regulations contained in Articles 61 (*a*), 61 (*b*), and 61 (*d*), so far as they relate to the supersession, retirement of an officer from our Army, or the cancelling of an officer's promotion, shall not come into operation until the expiration of two years from the date of this our Warrant:—

61. An officer below the rank of major, except as specified in Articles 16, 17, and 61 (*c*), shall not be recommended to us for promotion unless he shall have previously passed such professional examination as may be fixed from time to time by our Commander-in-Chief, with the approval of our Secretary of State.

61 (*a*). A regimental officer who, when his turn for promotion arrives, shall not have passed such professional examination, shall be superseded, and another officer who shall have fulfilled these conditions, and who shall be in all other respects qualified, shall be selected to fill the vacancy.

61 (*b*). An officer who has been superseded in regimental promotion in consequence of the provisions contained in Article 61 (*a*), shall unless the notification of his having subsequently qualified shall have reached the Military Secretary within eighteen months from the date of such supersession, be retired from our Army, receiving any pension or gratuity to which his services may entitle him.

61 (*c*). An officer who, under very special circumstances, such as being on active service in the field, or prolonged absence at distant foreign stations, has not had an opportunity of qualifying, may be provisionally promoted subject to his passing the prescribed examination on the first available opportunity.

61 (*d*). In the event of the officer referred to in Article 61 (*c*) failing to pass the prescribed examination, his promotion shall be cancelled, unless he shall elect to retire from our service, or to retire upon half-pay if entitled thereto; but whichever mode of retirement he may elect, he shall only retire on the terms to which he would have been entitled in the rank he held before his provisional promotion. Should he elect to retire on half pay, he shall not be again employed on full pay, or on the Staff, until he shall have passed such examination.

61 (*e*). An officer whose promotion shall have been cancelled under Article 61 (*d*), shall not be required to forfeit any portion of his pay for the period he may have held the higher rank; and the date of the promotion or appointment of the officer selected to succeed him shall not bear a date prior to the day after the date of the "Gazette" in which the provisional promotion was cancelled.

Given at our Court at St. James's, this 30th day of March 1880, in the 43rd year of our reign.

By Her Majesty's Command,
FRED. STANLEY.

Cl. 112.—Royal Warrant—Removal of certain Lieutenant-Colonels from Command of Regiments.

(Issued as a Special Army Circular on the 23rd April 1880.)

VICTORIA R.

Whereas we have been pleased to take into consideration the disadvantageous position in regard to promotion in which the officers under the rank of lieutenant-colonel in certain regiments of our Cavalry and battalions of our Infantry of the Line are placed, in consequence of the officers commanding those regiments and battalions not being subject to the rule now generally in force, under which a lieutenant-colonel in command is required to vacate his appointment at the end of five years;

And whereas we deem it expedient that the officers in question should be required to continue to serve under conditions less advantageous in regard to promotion than officers of the same rank in other regiments and battalions of our Cavalry and Infantry of the Line.

Digitized by Google

ARMY CIRCULARS—*continued.*

Our will and pleasure is that the limitation of the date of 31st October 1871 in Article 131 of our Warrant of the 1st May 1878 shall be cancelled, and that henceforth all lieutenant-colonels commanding such regiments or battalions shall, on completion of five years' service as such, be removed from the command of their regiments or battalions.

It is our further will and pleasure that officers now serving, who are affected by the provisions of this our Warrant, shall be removed from the command of their regiments or battalions, as the case may be, at the expiration of two months from this date.

Given at our Court at Windsor, this 21st day of April 1880, in the 43rd year of our reign.

By Her Majesty's Command,
FRED. STANLEY.

G.O. 53.—Arms.

The practice of officers' servants keeping their arms and accoutrements in the officers' kitchens is strictly prohibited.

G.O. 54.—Army Discipline and Regulation Act, 1879.

G.O. 108 of 1879 provides that in the case of a soldier charged with fraudulent enlistment it is unnecessary to specify in the charge the facts concerning a free kit, in respect of which the Court may sentence the offender to be placed under stoppages, if it is shown in evidence that he received a free kit.

The Court has power, under sect. 134 (3) of the Army Discipline and Regulation Act, 1879, to award stoppages under these conditions, but to prevent misunderstanding, and for the assistance of the Court, in future the charge for any offence should state the facts in respect of which any forfeiture or stoppage can be awarded by a Court-Martial as a consequence of that offence.

G.O. 55.—Army Discipline and Regulation Act, 1879.

G.O. 37 of 1880 prescribes the Officers who may act as the "competent military authority" for the purposes named in the several sections of Part II. of the Army Discipline and Regulation Act, 1879, but the legal authority therein given can only be exercised subject to any general or special regulations which may from time to time be issued by proper authority.

G.O. 56.—Army Discipline and Regulation Act, 1879.

Offences under section 10 [excepting sub-section (1)], Army Discipline and Regulation Act, 1879, will be added to the list of offences described in para. I. of G.O. 41 of 1880, which may be disposed of by a Commanding Officer without reference to superior authority.

G.O. 60.—Certificates of Education.

With reference to G.O. 65 of 1879, it must be understood that Army Book 13 should contain, *in numerical order*, the number and name of every non-commissioned officer and soldier of the regiment.

G.O. 61.—Courts-Martial.

Army Form B. 168 (late W.O. Form 3, Certificate of health) will no longer be furnished to Courts-Martial, but before a prisoner is sent before a Court-Martial for trial, the Commanding Officer will cause him to be examined medically on each day he is to appear before the Court, in order to ascertain that he is in a fit state to undergo his trial.

G.O. 62.—Examinations for Promotion.

I. Referring to G.O. 56 of 1878, General Officers Commanding will be pleased to forward to the Director-General of Military Education, not later than the 15th May, the names of any eligible Captains who are desirous of being examined as to their qualifications for the rank of Major. Returns from foreign stations should be sent in immediately on receipt of this order.

II. The Boards will be composed as directed in Section 4, para. 62, of the "Queen's Regulations and Orders for the Army, 1873." The President will be selected by General Officers, and the Garrison Instructor, where one is available, will form an *additional* member of the Board.

III. General Officers will satisfy themselves that, previous to the assembly of the Board, all candidates are in possession of the certificate referred to in para. II. of G.O. 56 of 1878, and in the case of Officers not belonging to Mounted Corps, of a certificate of qualification in riding. The latter may be either that referred to in para. 41*e* of the section above quoted, or may be granted by the General Officer Commanding, after personal examination by himself or by a Field Officer specially deputed by him.

IV. The examination will be held on the 5th June 1880 (or at foreign stations immediately on receipt of the papers if after that date) under printed instructions, which will be furnished by the Director-General of Military Education.

The Medals will be prepared and issued as soon as possible, and instructions regarding the issue of gratuities to the recipients of the decoration are published in Clause 119, Army Circulars, 1880.

III. Care must be taken that the fixed establishment of these paid ranks is not exceeded, those serving at a depôt being included therein.

IV. Para. II. of G. O., 82, of 1876, is cancelled.

G.O. 65.—Musketry.

I. The annexed Return (*see* Appendix, p. 72), showing the regiments of Cavalry and Infantry, Depôts, and Brigade Depôts, and companies of Royal Engineers serving in the United Kingdom and Channel Islands, that have concluded their Musketry training for 1879–80, with the figure of merit, the results of the volley, independent, and skirmishing practices, and of dismounted practice with horses in the Cavalry, the percentage of non-exercised men, the best shooting troops and companies, with their figure of merit, and the results of the revolver practice of the Staff Serjeants, is published for general information.

II. The results of the practice, on the whole, are satisfactory. An improvement has taken place in the shooting of the Cavalry and Infantry, as compared with 1878-9, but not in the companies of Royal Engineers.

GEN. ORDERS—*continued.*

III. The percentage of non-exercised men is not satisfactory, a considerable number of men remaining untrained, especially in the Cavalry. His Royal Highness the Field-Marshal Commanding in Chief trusts that he may not again have to direct special attention to this subject.

IV. The following regiments, however, are not referred to in the above paragraph, as they have less than 1 per cent. of untrained men:—2nd Bn. 25th, 26th, 31st, 36th, 47th, 49th, 52nd, 64th, 77th, 86th, 95th, 108th, and 3rd Bn. Rifle Brigade.

I. Promotions made on probation to the ranks of Provisional Lance-Serjeant, Provisional Lance-Corporal, or Provisional Acting Bombardier, in accordance with the instructions contained in G.O. 4 of 1880, will not in future be entered in the soldier's record of service.

II. Should, however, a Non-Commissioned Officer die, be discharged, or become non-effective from any cause while holding one of these positions, his rank on becoming non-effective will be shown in closing his record in the following manner:—

"Died (or discharged) on , 188 , while holding the rank of Provisional Lance-Serjeant or Provisional Lance-Corporal."

III. When a soldier is discharged while holding Provisional Lance rank as Non-Commissioned Officer, he should be referred to throughout his discharge documents according to his provisional rank.

REGULATIONS FOR THE ARMY MEDICAL DEPARTMENT.

Cl. 150.—Medical Examination of Recruits and Re-engaged Men.

The following will be substituted for paragraphs 573 to 589 of the Regulations for the Army Medical Department (Revised Army Regulations, Vol. VI.):—

IV.—GENERAL INSTRUCTIONS.

573. All Military Medical Officers, and Medical Officers of Militia and Yeomanry, when their regiments are embodied or out for training, or when they are appointed to the charge of a Brigade Depôt or station under the Royal Warrant of 27th November 1879 (Clause 1, Army Circulars, 1880), are empowered to carry out and approve the final medical examination of recruits.

Digitized by Google

ARMY CIRCULARS—*continued.*

574. Those Medical Officers of Militia and Yeomanry whose regiments are not embodied or out for training, or who do not hold any appointment under the Warrant referred to in paragraph 573, and Private Practitioners authorized to examine recruits, are considered Civilian Medical Practitioners, and can only conduct the primary medical examination.

575. If the Examining Surgeon detect a recruit simulating disabilities, he is to attach to the man's attestation a slip of paper containing a statement of the fact.

576. The signature of an Examining Surgeon to an attestation will be considered tantamount to a declaration that he personally examined the recruit in question according to these instructions, and that the man has no blemish or defect, except those noted on the attestation; remarks relative to any defects in the recruit will be in the Examining Officer's own handwriting.

577. The approving Medical Officer is responsible for the measurement of recruits, as regards standard of height, chest, and weight, as well as for their apparent age being in accordance with the schedules given in General Orders from time to time. The following are the instructions relative to chest measurement:—

(*a.*) The measuring tape will be passed round the chest so that its posterior upper edge will lie immediately below and touch the shoulder blades; while in front its anterior lower edge touches the upper part of the nipple, the arms meanwhile hanging loosely; the tape should not be drawn so tight as to compress the surface.

(*b.*) The tape having been thus applied, the recruit will be made to count slowly from 1 to 10, and as he finishes counting the measurement then shown by the tape is to be considered the correct chest measurement.

(*c.*) Should a recruit, on presenting himself for enlistment, bring no satisfactory proof of his age, the Medical Officer who examines him will, by comparing the height with the weight and general development, decide his apparent age, which will be entered on the second page of the attestation, and be accepted in all future official documents relating to him.

(*d.*) The table printed in the Appendix (page 25), which has been compiled for the purpose of showing the average height, weight, and chest measurement of individuals from the age of 12 to 21 years, will guide the Medical Officer in forming his decision.

578. The Medical Officer will enter on the attestation the following particulars in his own handwriting—apparent age, height, chest measurement, complexion, colour of hair and eyes, and any distinctive marks; writing "none" when there are none. He will exercise due care in stating all these points to the best of his judgment; but he will not be held responsible for any ultimate rejection of a recruit involving a decision contrary to the opinions he may have expressed.

579. The Medical Officer will also note on the attestation, in the column for distinctive marks, his opinion whether, judging from the medical inspection, or from the general appearance of the recruit, the man has previously served.

580. Recruits primarily examined and passed by Civilian Medical Practitioners, as defined in paragraph 574, will, in all cases, be finally examined by an approving Medical Officer.

581. When a recruit, who has been passed by a Medical Officer, as defined in paragraph 573, is found to be unfit for service on joining his corps from a sub-district, a fully detailed report on his case on Army Form B 204, will be made by the Medical Officer who considers him unfit, and who will state not only the nature of the disability but its extent; this, with the attestation, will then be forwarded by the Officer Commanding to the Adjutant-General, Horse Guards.

582. In the case of recruits primarily passed by Civilian Medical Practitioners, who may, on final examination by the approving Medical Officer, be considered unfit, no report on Army Form B 204 will be necessary, but they will at once be rejected and discharged. The approving Medical Officer will not sign the certificate on the attestation.

ARMY CIRCULARS—*continued.*

583. A recruit who has been passed by an approving Medical Officer can only be discharged as unfit for the service on the recommendation of a Medical Board, assembled by order of the Adjutant-General, Horse Guards, on the report referred to in paragraph 581 being received.

584. An extract of paragraph 14 and paragraph 22, Section 19, Queen's Regulations and Orders for the Army, 1878, are republished for the information of Medical Officers:—

14. "No boy is to be received into the Service for the purpose of being trained as a trumpeter, drummer, or bugler, who does not, from his make and stature, give fair promise of growth, and of becoming when he has attained the proper age an effective soldier."

22. "Soldiers wishing to re-engage while serving are not to be rejected on account of minor defects or trivial ailments which do not interfere with the efficient performance of their duties. The medical certificate in the re-engagement schedule is to be considered final, so far as their physical fitness is concerned."

585. When a soldier is considered physically unfit for re-engagement, the Medical Officer will state in the certificate on the re-engagement schedule, Army Form O 1724, the nature of the disability.

586. In doubtful cases the soldier may be allowed to appear before a Medical Board, with a view to a decision being arrived at as to his fitness or unfitness to re-engage.

587. Recruit Registers, Army Book No. 46, will be kept by all Medical Officers employed in recruiting duties in charge of Brigade Depôts, and of General or Station Hospitals. Separate registers will be kept for the Regular Forces and for the Auxiliary Forces. These registers will on no account be removed from the office or hospital where the recruits are medically inspected.

588. In filling up the column headed "Trade or Occupation," the journeyman will be distinguished from the master in all cases. The term "Agricultural Labourer" will apply to all labourers in agriculture (except shepherds) not living in the farm-house; while those living in the house of the farmer will be more correctly designated as "Farm Servants." In the case of men working in manufactures and mines, and of such as are employed in construction generally, the particular branch of work and the material will always be distinctly specified. The term "Farmer" should be applied only to those who have occupied land. The sons of farmers may be returned "Farmer's Sons," when not agricultural labourers.

589. The Medical Officer will state in his own handwriting in the column of the Recruit Register provided for the purpose the recruit's fitness or unfitness, and will enter any remarks relative to vaccination and to cause of rejection, as well as any distinctive marks: he will then append his signature to the column. When there are no distinctive marks it must be so stated.

589 (*a*). The Medical History Sheets (Army Form B 178) of Recruits will be filled in and signed by the approving Medical Officer who signs the final certificate on the attestation.

589 (*b*). The Medical History Sheets so prepared will at once be forwarded, with the attestation, to the Officer commanding the Brigade Depôt or corps the man is to join; and, when the regimental number has been inserted, will be handed over to the Medical Officer in charge of the Station Hospital.

589 (*c*). Militia recruits passed by an Army Medical Officer will not be rejected by a Militia Surgeon; such cases will be referred to the Principal Medical officer of the District.

Gl. 151.—Stationary Field Hospitals for an Army on Active Service —Aid Societies.

The following will be added after paragraph 407 of the Regulations for the Army Medical Department (Revised Army Regulations, Vol. VI.):—

407*a*. The representatives of an Aid Society at the seat of war will invariably place the staff of Surgeons and female nurses which accompany them, and the supplies which they may have for distribution to hospitals, at the disposal of the Principal Medical Officer of the force in the field, or at the base of operations.

ARMY CIRCULARS—*continued.*

407*b*. Surgeons and female Nurses, having been placed at the disposal of the Principal Medical Officer, will be entirely under his control, and will act under the orders of the Medical Officer in charge of the hospital to which they may be attached; and the representative of a Society will have no power to remove, or re-distribute, or allocate duties to such Surgeons or Nurses, without the knowledge of the Medical Officer in charge, and without the sanction of the Principal Medical Officer, and an order from the military Commanding Officer.

407*c*. Supplies of any description for hospital use furnished by an Aid Society will, under arrangement of the Principal Medical Officer, be distributed to individual hospitals by the representative of the Society, and be used as the Medical Officer may think necessary and may direct, and no supplies of any kind will be introduced into hospitals or issued to patients except with the permission and by the order of the Medical Officer in charge.

Cl. 152.—Duties of Medical Officers in charge of Troops on board Ship.

The following will be added after paragraph 80 of the Regulations for the Army Medical Department (Revised Army Regulations, Vol. VI.):—

80*a*. Executive Medical Officers proceeding to or from England in Her Majesty's troop-ships, or in hired transports, will, should the Medical Officer in charge of the troops on board require their services, be available for duty during the voyage, provided they are junior in rank to that officer, and provided also that they have not been embarked on the recommendation of a Medical Board, and pronounced unfit for duty during the voyage.

Advertisements for contracts will be confined to a description of the general nature of the proposed tender and of the articles required.

7. Except in special cases, the number of insertions will be limited to two or three. When more than one insertion is ordered, care must be taken that a second insertion in the same paper is avoided, unless any special reason should exist for the adoption of a different course.

8. Advertisements will be limited to those papers which have the largest general or local circulation, or to those which from their professional, or class, character would appear to be best suited for the purpose. In order that officers in the United Kingdom may be enabled to make the most judicious selections, they will, if need be, obtain the advice of Messrs. White, the Advertising Agents. It is, however, to be clearly understood that no papers must be selected which are not contained in the authorized list.

G. O. 70.—Court-Martial.

(Specially issued, 13th May 1880.)

At a General Court-Martial lately held, an officer was arraigned upon the following charges:—

1st. Having misbehaved before the enemy, in shamefully abandoning a party of the Regiment under his command when attacked by the enemy, and in riding off at speed from his men.

2nd. Conduct to the prejudice of good order and military discipline in having, at the place and time mentioned in the first charge, neglected to take proper precautions for the safety of a party of the Regiment under his command when attacked.

The Court recorded a finding of "Not Guilty" on both charges.

The main facts of the case were not in dispute. The officer rode away from his men to a station, distant 4½ miles, at a moment of extreme danger, when to all appearance the small party under his command were being surrounded and overwhelmed by the enemy.

The charge alleged "misbehaviour," that is, cowardice in so doing: the defence averred that it was to procure reinforcements, and either by their actual arrival, or by the imminence of their arrival, to ward off destruction.

GEN. ORDERS—*continued.*

In acquitting the prisoner, they have found that he was not guilty of cowardice.

The proceedings of the Court were submitted to the General Commanding, who recorded the following minute: "Disapproved and not confirmed: Lieutenant . . . to be released from arrest, and to return to his duty."

The confirming officer has further recorded his reasons for withholding his approval and confirmation in the following terms:—

"Had I released this officer without making any remarks upon the verdict in question, it would have been a tacit acknowledgment that I concurred in what appears to me a monstrous theory,—viz., that a regimental officer who is the only officer present with a party of soldiers actually and seriously engaged with the enemy, can, under any pretext whatever, be justified in deserting them, and by so doing, abandoning them to their fate. The more helpless the position in which an officer finds his men, the more it is his bounden duty to stay and share their fortune, whether for good or ill. It is because the British officer has always done so that he occupies the position in which he is held in the estimation of the world, and that he possesses the influence he does in the ranks of our army. The soldier has learned to feel that, come what may, he can in the direst moment of danger look with implicit faith to his officer, knowing that he will never desert him under any possible circumstances.

"It is to this faith of the British soldier in his officers that we owe most of the gallant deeds recorded in our military annals; and it is because the verdict of this Court-Martial strikes at the root of this faith, that I feel it necessary to mark officially my emphatic dissent from the theory upon which the verdict has been founded."

In communicating to the army the result of this Court-Martial, the Field-Marshal Commanding in Chief desires to signify his entire approval of the views expressed by the confirming officer in respect of the principles of duty which have always actuated British officers in the field, and by which, His Royal Highness feels assured, they will continue to be guided.

This General Order will, by His Royal Highness's command, be read at the head of every regiment in Her Majesty's service.

G. O. 71.—Commissariat and Transport Staff.

With reference to Article 10 of the Royal Warrant of 31st January 1880, Clause 52, Army Circulars, 1880, it is hereby notified that applications for the appointment of Deputy Assistant Commissary-General will be received by the Military Secretary up to the 31st December 1880 from Officers who have passed the final examination, or the qualifying test at an entrance examination for the Staff College.

G. O. 72.—Dress.

The Queen has been pleased to approve of a new pattern of forage cap for officers of Infantry regiments, exclusive of the Foot Guards, Highland regiments wearing the kilt, and Rifles.

The following is a description of the cap:—

Blue cloth, green for Light Infantry, straight up, 3 inches high with black patent leather drooping peak and chin straps. The peak ornamented with ¼ inch *full*, gold embroidery. Black netted button and braided figure on crown. The bands (except for regiments styled "Royal"), badges and numbers are as laid down in the Dress Regulations, Edition of 1874. Regiments styled "Royal" and the 104th Regiment will wear scarlet bands 1½ inches wide. Field Officers will have a gold French braid welt instead of blue cloth round the top of the cap. Officers of the 71st Regiment, under the rank of Field Officer, will have a crimson cloth welt.

Newly appointed officers will provide themselves with forage caps of the above pattern; other officers as they may require to replace those now in possession.

For Active Service and Peace Manœuvres.

Her Majesty has approved of caps as under—

For Staff.—Blue cloth folding cap 5 inches high, with scarlet cloth top, and blue side flaps 4 inches deep, to turn down when required. Gold French braid welts on cap and flaps, and at front and back seams. Field-Marshals will wear, as a

G. O. 73.—National Rifle Association—Army Prizes.

I. The annual rifle competition for the Army Prizes and Challenge Cup given by the National Rifle Association will take place at Wimbledon on the 20th, 21st, and 22nd of July, and the following conditions as to the selection of competitors are to be strictly observed.

II. The proportion of competitors allowed to be furnished is as follows:—

Two from each regiment of Cavalry.
Four from each brigade of Royal Artillery.
Twelve from the Royal Engineers, divided as follows:
- From Chatham - - 4
- „ Aldershot - - 4
- „ all other Home Stations combined - 4

Two per battalion from each regiment of Infantry.
Two from each Brigade Depôt.

III. The object of these prizes being to encourage good shooting among the *rank and file*, one competitor from each regiment, battalion, and depôt, and two from each brigade of Royal Artillery or division of Royal Engineers must be privates; lance and acting corporals will not be accepted as privates. Commanding officers will transmit the accompanying forms "O 1," properly filled up, to the Adjutant-General, Horse Guards, War Office, *in duplicate*, and so as to arrive *not later than* 12*th July next* (after which date no applications will be attended to), holding the men in readiness to proceed to Wimbledon,—according to arrangements to be made by the Quarter-Master-General,—under charge of officers to be hereafter named for duty with them.

IV. The men are to be fully equipped in every respect, and special care must be taken in selecting men for this honourable duty, that preference is given, not only to those who are good shots, but to such as are also of good character and steady habits, and who will be likely in every respect to do credit to their corps while absent therefrom.

V. The competition will be with bonâ fide Government Martini rifles or carbines. In the case of the Cavalry and Artillery competitors, rifles can be obtained on application to the Secretary of the Association. As a pull-off of less than 6 lbs. will disqualify a competitor, care must be taken that the locks of the arms belonging to the different parties are carefully tested before proceeding to Wimbledon.

GEN. ORDERS—*continued.*

VI. As the National Rifle Association has decided that Volunteers competing for prizes may, at all the distances, fire in "any position," the same relaxation of the Hythe rules will be allowed to the regular troops competing for the Army Challenge Cup prizes at Wimbledon.

VII. The commanding officer of the battalion which gives the winner in the second stage, will be held responsible by the Field-Marshal Commanding in Chief for the safe custody of the "Challenge Cup," and for its return to the Secretary of the National Rifle Association by the 15th of June of the year following that in which it was competed for.

VIII. The names of the winners of prizes will be published in General Orders.

G. O. 74.—National Rifle Association.—Cavalry Competition.

I. The Annual Cavalry rifle competition for "The Royal Cambridge Challenge Trophy" will take place at Wimbledon on the 24th July, and the following are the conditions under which the competitors are to be selected.

II. A section consisting of four men, mounted on *bonâ fide* troop horses, will be allowed to be furnished by each regiment of Household Cavalry, or Cavalry of the Line, desirous of competing. One of each section will be of not lower rank than Serjeant, but not more than two will be non-commissioned officers. Depôts of regiments serving abroad will be entitled to enter sections, provided the same horses are not used by more than one section.

III. Commanding Officers will transmit the accompanying forms ("Æ") properly filled up to the Adjutant-General, Horse Guards, War Office, *in duplicate*, and so as to arrive *not later than the 12th July*, after which date no application will be attended to.

IV. The sections sent by regiments quartered in England will be granted the customary marching allowances for the number of days usually taken in performing the journey from their respective stations to Wimbledon and back. There will be no objection to their being sent by rail, but any expense incurred thereby in excess of the cost of their having marched, must be borne regimentally. Should any regiment serving in Scotland or Ireland desire to send a section to compete, the whole cost of the journey must be borne regimentally.

V. The men are to be fully equipped in every respect in Field Day Order, Lancers without lances, and care is to be taken that in selecting men for this honourable duty, preference is given not only to those who are good shots, but to such as are also of good character and steady habits, and who will be likely in every respect to do credit to their corps while absent therefrom.

VI. Tents for the men and covered (temporary) stabling for the horses will be provided in camp at Wimbledon for the sections sent to compete, and both men and horses will be rationed by the Commissariat during their stay.

VII. The competition will be with Government Martini-Henry carbines, and the men may fire in any position. As a pull-off of less than 6 lbs. will disqualify a competitor, care must be taken that the looks of the arms belonging to the different parties are carefully tested before proceeding to Wimbledon.

VIII. The Commanding Officer of the regiment furnishing the winning section will be held responsible for the safe custody of the Trophy, and for its return to the Secretary of the National Rifle Association by the 15th of June of the year following that in which it has been won. Should the regiment be ordered on foreign service, the Trophy must be placed in the charge of the Commandant of the Cavalry Depôt, Canterbury, until required to be returned.

IX. The names of the winners of the prizes will be published in General Orders.

G. O. 75.—Recruiting.

I. Non-commissioned Officers and men of the Foot Guards detached on the recruiting service will report their arrival in, or departure from, a Sub-District to the Officer Commanding the Brigade Depôt of the Sub-District in which they are stationed, and will be placed under that Officer for discipline.

GEN. ORDERS—*continued.*

II. Recruiters of the Foot Guards may in future be employed in raising men for other corps than their own, under instructions from the Officer Commanding the Brigade Depôt, but all orders relating to recruiting for their own corps will be received by them direct from the Officers Commanding their respective regiments.

III. The medical examination of recruits raised by this agency will in all cases be conducted in accordance with G.O. 149 of 1879.

IV. These recruiters will report monthly to the Officer Commanding the Brigade Depôt the number of recruits raised by them for their respective corps; but as such numbers are intended merely for the information of the Officer Commanding the Brigade Depôt, they will not be included in the Return, Army Form B 171 (late W. O. Form 719), furnished by him to the Adjutant-General.

V. The authority to recruit on Army Form B 208 (late W. O. Form 244), will be given to the men by the Officer Commanding, on their arrival in the Sub-District under his command.

VI. Paragraph 15 of the Recruiting Instructions, issued with G.O. 32 of 1873, so far as it relates to the Foot Guards, will be modified accordingly.

"The high character of this manual requires no critical comments to recommend it. The fact of its having reached its fourth edition may be taken as sufficient evidence of its worth. Should there be a naval officer without this work in his necessarily small library, we should say, look if you cannot give it the space of a less valuable book."—*United Service Gazette.*

"A volume—a perfect knowledge of which would render any man a most agreeable and instructive companion—a guide, philosopher, and friend. It is a 'Manual of Scientific Inquiry' by the best authors, in a most compendious form, well got out and illustrated. Ordinary people might be afraid to talk to a naval officer or a traveller in general who had such a book off by heart. He certainly would possess a great deal of most useful knowledge."—*Army and Navy Gazette.*

"The present is the fourth edition of this well-known work, and although the editor has not altered the general form of the book or the arrangement of the articles, he has by adequate revision provided that such of them as required it, through the additional knowledge gained in the last twelve years, be brought up to the present epoch. It is impossible to speak too highly of this work, which may be considered as one of the most useful scientific works now published."—*Scientific Review.*

"The idea which prompted this publication was an excellent one, and the result is calculated to benefit others besides officers in Her Majesty's Navy, for whose especial use it was intended. Useful instruction in general matters of science is here provided, and the present edition conveys this instruction through the light of the latest scientific discoveries."—*Civil Service Gazette.*

DENT'S CHRONOMETERS,

WATCHES, and CLOCKS have long held pre-eminent rank, as may be seen from the Reports of various scientific persons:—

THE ASTRONOMER ROYAL, (Sir G. B. AIRY,) in his Report to the Admiralty (**13th of August 1870**) on the forty Chronometers entered for annual competition, says of M. F. DENT'S Chronometer—

"THIS IS THE FINEST CHRONOMETER THAT WE HAVE EVER HAD ON TRIAL."

N.B.—The LATE ASTRONOMER ROYAL (J. POND, Esq.), reporting in 1829 on the celebrated public trial, by order of The Lords of the Admiralty, which lasted thirteen years, during which nearly 500 Chronometers were tested, says:

"Your Chronometer, No. 114, is entitled to the First Premium. Actual variation in the year 0·54 hundredths of a second. This is superior to any other yet tried."

THE RUSSIAN IMPERIAL ASTRONOMER, M. STRUVE, of St. Petersburgh, reporting upon 81 Chronometers tested by the Russian Chronometrical Expedition, in 1843, says:

"The DENT CHRONOMETERS have held FIRST RANK in a brilliant manner. They contributed, beyond dispute, THE MOST EFFECTUALLY to the exactitude of the results.

"M. STRUVE."

*** *By Command of the Emperor, the Russian Gold Medal of the Highest Order of Merit was presented to Mr. DENT.*

SIR WILLIAM ARMSTRONG, Inventor of the Armstrong Gun, says:—

"9, HYDE PARK STREET, W., 14*th November* 1861.

"The Chronometer Watch you made for me in December 1859 has never been affected by travelling or riding; its variation at the end of a year was only 45 seconds. It has proved in every respect a most satisfactory Watch.

"W. G. ARMSTRONG.
